

Cinti April 13th 61

Dear Brother,

Yours of the tenth has been received -.

I presume it would be of no avail to offer a commission to the seventy-fourth. I will try them on this -

I think pa settled with Captain Lowe and arranged with him in case the suit was lost that he was to make no charge for taking it up to the higher court -

Robt is still here looking for employment and may be successful on Monday if not he will return home immediately -

You aff Bro Wm

The work of blood shed has commenced the end no man knoweth -
